The **Swiss-Park V-2** single stacker is the perfect solution for valet parking garages, single family homes or multi-family condominium buildings.

The **V-2** versatile design includes six heights and three widths of platform to adjust to the dimensions of any garage, to accommodate large vehicles, and to make parking a car an easy and comfortable experience.

Safety features include dual mechanical locks, key-switch controllers, a manual lowering procedure, smooth easy-to-walk-on platforms and the highest quality steel and electrical components.

The **Swiss-Park V-2** is a modern parking lift designed to exceed today's market expectations.

- **Dual Mechanical Locks**
- **Galvanized Steel**
- **Key Switch Operated**
- **For Garages as Low as 10'-6"**
- **Smooth Steel Platform for Easy Walk-on**
- **Manual Lowering Procedure for Power Outages**
- **Versatile Design Adjusts to Site Conditions**
